

Racism and Feelings

**any clothes to be put on
Is a human right act
Humans become of a right owner
But become of Turkish Drums
Of Osmanli, and
The sharp knife of Ataturk
For the reason of putting of Jamadani *
From the head of a poor Kurd
A Jandurma (censor, censor)
Shouted on him, and
Brought a hat,
Putting the Jamadani
On his head nailed by a nail
Till it reached the end of his brain
But invasion and shaufinism
Must be careful
for such racist deeds
Will waken up the public
The Feeling of Kurds and Kurdistan
From a small bank to a Lake and river**

* it's one of the traditional Kurdish clothes that is put on the head.

More burning than fire

**After Dersim's suprising
Whend revolution collasped
A Kurdish village
Full of innocent people
Was burnt by Turkish army.
A young girl escaped the flames,
Ran to the edge of fire.
Suddenly she found herself,
Among the Turkish troops.
She turned away from them,
Directly into blaze.
When an officer saw this,
He committed suicide.
And before dying he said:
"The cruelty of the Tuks
more burning than the fire"
History is the Witness
Osmandli and Ataturk
Are the cruelest of all?
Against the Kurdish people.**
